

## 2017 Indicative Study Plan Bachelor of Health Sciences

## **Major: Anatomical Sciences**

Last updated: August 2016

		Level I				
S1	ANAT SC 1102 Human Biology IA	PUB HLTH 1001 Public Health IA	Open Elective Level I	Open Elective Level I		
S2	ANAT SC 1103 Human Biology IB (#1)	Health Science Elective Level I	Open Elective Level I	Open Elective Level I		
Level II						
S1	HLTH SC 2104 Essential Understanding of Disease and Treatment	ANAT SC 2109 Biology and Development of Human Tissues <b>AND/OR</b>	Open Elective Level II	Open Elective Level II		
		ANAT SC 2009 Musculoskeletal Anatomy (#2)				
S2	HLTH SC 2103 Contemporary Understanding of Disease and Treatment	Health Science Elective Level II	Open Elective Level II	Open Elective Level II		
Level III						
S1	ANAT SC 3003 Applied Clinical Anatomy	Open Elective Level III	Open Elective Level III	Open Elective Level III		
S2	OB&GYNAE 3001 Reproductive Biology	ANAT SC 3101 Anthropological and Forensic Anatomy III	PATHOL 3104 Investigative Cell Biology	Open Elective Level III		

#1: This course also meets the requirements of this Major

#2: Alternatively, students may choose a 3-unit HLTH SC or PHYSIOL course from available Level II Electives

Core	Major	Electives

This Study Plan is designed for students who commenced Level I of this degree in 2016 and intend to continue in the degree in 2017 and beyond. Specific course offerings are indicative and correct as of August 2016, and may be subject to change for 2018 and beyond.

## **Program Requirements**

To qualify for the degree of **Bachelor of Health Sciences**, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 72 units, comprising:

- Level I Health Science courses to the value of at least 12 units, which may include the Core courses and Closed electives
- Level II Health Science courses to the value of at least 12 units, which may include the Core courses and Closed electives
- Level III Health Science courses to the value of at least 12 units, which may include the Core courses and Closed electives
- Core courses to the value of 18 units
- At least one major from the following: Anatomical Sciences; Biochemistry; Epidemiology; Exercise Science; Genetics; Health Promotion; Human Reproductive Health; Indigenous Health; Microbiology; Neuroscience; Nutrition; Pathology; Pharmacology; Physiology
- Elective courses up to the value of up to 27 units which may include closed and open electives.
- Broadening Electives to the value of 9 units.
